

GiveCamp is a weekend-long event where technology professionals from designers, developers and database administrators to marketers and web strategists donate their time to provide solutions for nonprofit organizations. Since its inception in 2007, the GiveCamp program nationally has provided benefits to hundreds of nonprofits, worth millions of dollars of developer and designer time in services!

GiveCamp is a weekend-long event that brings together technology professionals committed to providing nonprofit organizations with solutions, strategies, and tools that can help them continue their good work ... hopefully even more effectively and efficiently than before.

Many of the projects created at GiveCamp Memphis would typically cost each nonprofit between \$5,000 and \$10,000. And the efficiencies the solutions create - often reducing the paperwork and staff time needed to complete work - means GiveCamp Memphis creates value beyond the cost of the projects themselves. GiveCamp Memphis is entering its 9<sup>th</sup> year of service to the nonprofits of Memphis and the Mid-South, our next event is being held February 28 through March 1, 2020 at the FedEx Institute of Technology at University of Memphis. Sponsors are an important part of ensuring that nonprofits continue to benefit from this valuable work, with no cost to participate. It will take more than the passion and expertise of our volunteers to make this happen. We need your support to help provide a fun and rewarding environment for our volunteers and developers. Your sponsorships help in areas such as:

- Meals and snacks for the volunteers and developers throughout the event weekend
- Software to be used in web site development of the actual sites
- T-Shirts and Name tags
- Professional Services

Sponsors will receive recognition throughout the GiveCamp Memphis weekend, mentioning the sponsors at group gatherings and sponsor's logo will be displayed on a PowerPoint slide at the beginning and end of the event, as well as recognition on the website for the 2020 calendar year.

Just some of the nonprofits we've helped at past events:

Mid-South Spay & Neuter	Habitat for Hope	Tennessee Data Commons	National Association of Jr. Auxiliaries
Basic Intervention for New Direction	SRVS	Synergy Treatment Centers	Opera Memphis
